PRODUCT DESCRIPTION

Bioflavonoids are plant-derived antioxidants that enhance the activity of vitamin C, keeping it active longer. Together, they work synergistically to neutralize toxins and protect cells from damage, helping protect against cardiovascular diseases, and contributing to the maintenance of good health.

AOR ADVANTAGE

AOR provides a high dose of vitamin C, enhanced with bioflavonoids in order to provide an even more effective vitamin C than most supplements, replicating the way nature intended it.
