Helps relieve joint pain and inflammation

- Inflammation
- Autoimmune diseases
- Cognitive decline
- Antioxidant
- Inflammatory bowel diseases
- Osteoarthritis
- Endometriosis

 Absorbable  Vegan  Non-GMO  Gluten Free

PRODUCT DESCRIPTION

Pro Curcumin uses solid lipid particle (SLP™) technology to provide the most bioavailable free curcumin available on the market. SLP™ technology ensures that curcumin particles are gastric resistant, enhancing their absorption through the gut and cell membranes, and spares them from phase II detoxification.

Pro Curcumin works quickly to help relieve severe pain and inflammatory conditions such as arthritis and gastrointestinal inflammation. It is also known for its anti-microbial, antioxidant, and skin and wound healing properties.

AOR ADVANTAGE

Pro Curcumin consists of solid lipid particles (SLP) that provide a phenomenal increase in stability, potency and effectiveness. Once absorbed, they exist as free-form curcumin in the body, and are easily taken up by cells. This means that all of the health benefits of curcumin are experienced faster than any other curcumin product.
