- Antioxidant
- Anti-aging
- Cardiovascular health
- General health

 Vegan  Non-GMO  Gluten Free

PRODUCT DESCRIPTION

AOR's Pro Green Tea is a standardized green tea extract providing 1,500 mg of epigallocatechin gallate (EGCG) to match human clinical studies and contains a small amount of caffeine for a synergistic effect.

EGCG from green tea has been shown to promote normal cell growth and development. In addition to being a potent antioxidant, it has anti-inflammatory and anti-cancer, and anti-aging properties.

AOR ADVANTAGE

Pro Green Tea has the highest standardization for EGCG and contains 30 more capsules than AOR's Active Green Tea to support long-term antioxidant supplement regimens. Just three capsules of Pro Green Tea equate to 10 cups of sencha green tea.

NPN: 80005898

120 capsules

Serving Size:

One capsule

7 mg

Adult Dosage:

To equate the EGCg consumption of the best Japanese studies, take one capsule three times daily with food, or as directed by a qualified health care practitioner.

Cautions:

Consult a health care practitioner prior to use if you are pregnant or breastfeeding. Consult a health care practitioner for use beyond 12 weeks, if you have a liver disorder, or if you have an iron deficiency. Rare, unpredictable cases of liver injury associated with green tea extract-containing products have been reported (in Canada and internationally). Discontinue use if you develop symptoms of liver trouble, such as yellowing of the skin/eyes (jaundice), stomach pain, dark urine, sweating, nausea, unusual tiredness or loss of appetite and consult a health care practitioner.

Complementary Products:

Pro Bioflavonoids, Pro Quercetin, Pro Lipoic Acid
