

Prostate Matrix

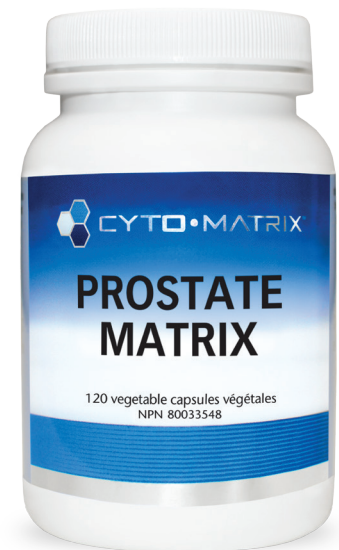

Targeted support for men's health concerns. A tonic capable of improving prostate-related symptoms, libido, sexual function and cognition in men.

Each vegetable capsule contains:

Maca extract (root, lepidium meyenii) 0.6% glucosinolates	375 mg
Saw palmetto extract (fruit, serenoa repens) 45% free fatty acids	140 mg
Stinging nettle extract (root, urtica dioica) 5:1	50 mg
Rye pollen extract (secale cereale) 20:1	31.3 mg
American ginseng extract (root, panax quinquefolius) 10:1	30 mg
Pygeum extract (stem bark, pygeum africanum) 15:1, 15% beta-sitosterol	18.8 mg
Free plant sterols 75% beta-sitosterol, campesterol and stigmasterol	15 mg
Tomato extract (fruit) 5% lycopene	7.5 mg
Zinc (zinc citrate)	7.5 mg
Selenium (selenium yeast)	50 mcg
Vitamin D3 (cholecalciferol)	100 IU

120 Vegetable capsules

Non-GMO and dairy free.

Over 60% of men aged 60 years or older experience urinary symptoms associated with Benign Prostatic Hyperplasia (BPH) such as increased frequency, urgency, nocturia and incomplete voiding. Prostate Matrix is a formula designed to provide relief for these common complaints and other concerns specific to the ageing male.

The well-known prostate supportive agent, *Serenoa repens* (a.k.a. saw palmetto), is included for its ability to block the conversion of testosterone to dihydrotestosterone (DHT), a more androgenic form of the hormone that promotes prostate growth. Other herbs that reduce the proliferation of

prostate tissue and alleviate urinary complications of BPH include stinging nettle, pygeum africanum and rye pollen extract. Beta-sitosterols improve urine flow and reduce residual urine volume, but are also found in the formula to help maintain healthy cholesterol levels.

Perhaps what makes Prostate Matrix the most unique is the inclusion of both maca root and American ginseng. These herbs create a complete men's health tonic as maca root has been shown to be capable of increasing libido, sperm production and sexual function in males, while American ginseng can improve cognition, mood and sexual function.

Key points

- Contains herbal support, including saw palmetto, Stinging nettle, pygeum africanum, rye pollen extract and beta-sitosterols, shown to improve symptoms of BPH such as increased frequency, urgency, nocturia and incomplete voiding
- American ginseng and maca root make the formula a male tonic, with the ability to increase libido, improve sexual function and optimize cognition
- Nutrients necessary for the healthy cellular differentiation of prostate tissue are added, which include zinc, selenium, vitamin D3 and lycopene

Nutrients such as selenium, zinc, vitamin D3 and lycopene round out the formula to support the healthy growth and cellular differentiation of the prostate.

All in all, Prostate Matrix provides a complete solution to support men's health through improved symptoms of BPH, increased libido, optimized energy and better quality of life.
