

UltraFlora® Intensive Care

Helps to relieve and manage IBS symptoms

Form: Array

Flavour: no flavor

Size: 60 CAPSULES

Medicinal Ingredients:	Each capsule contains:
Lactobacillus plantarum 299v	10 billion CFU's

Non-Medicinal Ingredients: Potato starch, hypromellose, and magnesium stearate (veg.).

Recommended Use: Provides live microorganisms to benefit health and to confer a health benefit. Helps to reduce flatulence (gas) and abdominal pain associated with flatulence (gas) in individuals with Irritable Bowel Syndrome (IBS). With daily use, helps to provide ongoing relief and manage IBS symptoms such as abdominal discomfort, gas, and bloating.

Recommended Dose: Adults take 1-2 capsules daily or as directed by your healthcare practitioner. Take at least 2-3 hours before or after antibiotics.

Caution: Do not use if you are experiencing nausea, fever, vomiting, bloody diarrhea, severe abdominal pain or if you have an immunocompromised condition (e.g. AIDS, lymphoma, patients undergoing longterm corticosteroid treatment). Discontinue use and consult a healthcare practitioner if symptoms of digestive upset (e.g. diarrhea) occur, worsen or persist beyond 3 days. For best results, store in a cool dry place or keep refrigerated. Do not use if perma seal is missing.
